I'm Going Through (capo-4)
By Herbert Buffum

C F C
Lord, I have started to walk in the light
C G
That shines on my pathway so clearly and bright
C F C
I've bade the world and its follies adieu
C G C
And now with my Savior I mean to go through

Refrain
C F C
I'm going through, I'm going through
C G
I'll pay the price, whatever others do
C F C
I'll take the way with the Lord's despised few
C F C G C
I'm going through, Je-sus, I'm going through

Many once started to run in this race
But with our Redeemer they could not keep pace
Others accepted because it was new
But not very many seem bound to go through

Let me but follow my Lord all alone
And have for my pillow, like Jacob, a stone
Rather than vain worldly pleasures pursue
Than turn from this pathway and fail to go through

Come then my comrades and walk in this way
That leads to the kingdom of unending day
Turn from your idols and join with the few
Start in with your Savior and keep going through
